25pc HSS Titanium
Drill Bit Set

Abracs HSS Titanium Drill Bits are precision ground for high performance. The reduced friction created by the 5% Titanium Coating means these Drill Bits can last up to 3 x longer than standard HSS Drill Bits and are suitable for drilling a wider range of materials including Metal, Wood, Plastic and other General Construction materials. A key performance feature of Abracs HSS Titanium Pilot Drill Bits is their Split Point cutting head. The Split Point allows the drill bit to instantly grip the material resulting in higher precision, accuracy and significantly faster drilling speeds.

Features & Benefits

- DIN 338, right hand, type N, 118° cutting edge with splitpoint, fully ground, bright, titanium coated
- For drilling in most common steel types, high precision, long life, coating forheat resistance

Product Specification

Product	25pc HSS Titanium Drill Bit Set
Code	DBTKIT25
Sizes	1-13mm (0.5mm Increments)
Material	Titanium Coated
Head Type	Split Point
Barcode No.	5060344818674
Commodity Code	82075060
