CUT AND GRIND

DISC TYPES & APPLICATIONS

We stock a comprehensive range of premium quality Cutting, Grinding and Extra Thin Discs available for every application.

RANGE INFORMATION

All Abracs discs are subject to our rigorous quality control procedures and are manufactured to European safety standards. We have classified the range into 3 star, 5 star and 'Black Edition' quality levels & application types to make selecting the right product as easy as possible.

ABRASIVE CUTTING DISCS

Our Cutting Discs offer consistent and smooth cutting, maximum product lifespan, performance and quality. Available in a comprehensive range of sizes for a wealth of applications including metal, stone, stainless steel and aluminium cutting supplied in both Proflex and Phoenix quality levels.

ABRASIVE GRINDING DISCS

Our Grinding Discs offer heavy duty abrasive grinding, excellent performance and incredible product life. Available in a comprehensive range of sizes for a wealth of applications including metal, stone, stainless steel and aluminium grinding supplied in both Proflex and Phoenix quality levels.

EXTRA THIN CUTTING DISCS

Our Extra Thin Cutting Discs are INOX, designed for fast and precise low vibration cutting. They are both high performance and long lasting. Suitable for a wealth of metal cutting applications including stainless steel available in Proflex Trade, Phoenix Pro & Black Edition Expert quality levels.

QUALITY LEVELS

PROFLEX TRADE Cutting, Grinding and Extra Thin Discs are extended performance, professional quality products manufactured using high quality materials with an attractive price-performance ratio for the price conscious consumer.

PHOENIX PRO Cutting, Grinding and Extra Thin Discs are ultimate performance, produced to O.S.A. Safety standards & manufactured using premium quality materials, giving excellent life, offering one of the best cost per cut ratios in the market.

BLACK EDITION EXPERT Extra Thin Discs are 30% Extra Performance, reduced vibration & ultimate performance, produced to O.S.A. safety standards & manufactured using premium quality materials, our highest quality cutting disc produced to date.

APPLICATION GUIDE

METAL

Metal cutting discs are suitable for a wide range of metal applications including mild steel, iron, sheet steel & construction steel.

STONE

Stone cutting discs are suitable for a wide range of stone applications including natural stone, concrete, bricks & tiles.

INOX

INOX cutting discs are specially designed for use on stainless steel as well as a wide range of non-ferrous metals.

ALUMINIUM

Aluminium cutting discs are specially designed for use on Aluminium as well as a wide range of non-ferrous metals.

ABRASIVE MARKING SYSTEM

Training and additional information on the safe use and fitting of abrasive wheels is available from Abracs.

SAFETY ICONS

ALWAYS OBSERVE INSTRUCTIONS

ALWAYS WEAR EAR PROTECTION

ALWAYS WEAR A DUST MASK

ALWAYS WEAR SAFETY GOGGLES

ALWAYS WEAR SAFETY GLOVES

GRADE EXPLANATION

INDICATES THE ABRASIVE GRAIN
A = Aluminium Oxide
C = Silicon Carbide

INDICATES THE HARDNESS OF THE DISC

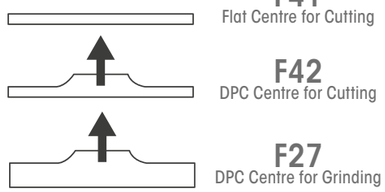

A 30 S BF

INDICATES THE GRIT SIZE
The higher the number, the finer the grade

INDICATES THE NATURE OF THE BOND
'BF' stands for reinforced bond

SHAPE EXPLANATION

Abrasive discs are available in several different types, the most commonly used are shown below.

F41 Flat Centre for Cutting

F42 DPC Centre for Cutting

F27 DPC Centre for Grinding

ABRASIVE WHEEL TRAINING

As part of our on-going commitment to quality and safety we are now offering Abrasive Wheel Training courses as an additional service to our customers and wider end-user market. Legislation regarding the supply, fitting and use of abrasive wheels has changed significantly in recent years making it difficult for employers and operators of abrasive wheels to be clear on their legal requirements.

We currently have 3 fully trained and accredited Abrasive Wheel Trainers on hand to deliver the the training that will provide you with the basic skills and knowledge that are required to operate abrasive wheel machines in a safe and efficient manner.

Contact the Abracs team for more details.

BACK TO CONTENTS

CUTTING DISCS PROFLEX & PHOENIX

Abracs Cutting Discs are available in both Proflex Trade & Phoenix Pro quality levels for metal & stone applications in an extensive range of sizes. Our experience in manufacturing processes developed over nearly 3 decades, combined with the use of premium quality raw materials enables us to produce cutting discs with significant increases in product lifespan, performance and quality. All Abracs cutting discs are manufactured to European safety standards and marked with EN12413.

PROFLEX

Proflex discs offer professional quality performance and are a great value product, priced competitively with an exceptional cost per-cut ratio.

PHOENIX

Phoenix discs are produced to O.S.A. Safety standards. Manufactured using premium quality materials, Phoenix II discs offer ultimate performance, long life & outstanding value.

If you need any help selecting a disc for a specific machine or application contact the Abracs team.

Bulk rates are available for outer quantities and volume orders. Ask the team for details.

Use PF in the highlighted area of the product code for Proflex discs or PH for Phoenix discs e.g. PH11530FM

GRINDING DISCS PROFLEX & PHOENIX

Abracs Grinding Discs offer heavy duty abrasive grinding, professional performance and outstanding product life. Available for both metal & stone applications in a comprehensive range of sizes to suit a wide variety of working machines. All Abracs Grinding Discs are manufactured to European safety standards and marked with EN12413. Proflex Grinding Discs are an incredibly good value product with an exceptional cost per cut ratio. Abracs Phoenix Grinding Discs are produced to O.S.A. Safety standards and are a premium quality European manufactured product. We have clear and easy to read specification information on our disc labels and product features listed on the box to make product selection easy.

Bulk rates are available for outer quantities and volume orders. Ask the team for details.

Use PF in the highlighted area of the product code for Proflex discs or PH for Phoenix discs e.g. PH11530FM

MULTI-FUNCTION PIN SPANNER

Versatile & multi-functional pin spanner with an adjustable head making it suitable for any size of grinder. This product incorporates a shaped hole which can be used as a wrench to unscrew and fasten 10mm-19mm bolts as well as a flat handle base that can be used as a screwdriver.

Specification	Box Qty	Outer Qty	Product Code	List Price
Multi Function Pin Spanner	10	100	ABSPADJ	£8.56

SEMI-FLEXIBLE GRINDING DISCS

Semi-flexible grinding discs are designed for aggressive stock removal on stone applications & cast iron. These extremely durable and heavy duty silicon carbide grinding products are premium quality and have an exceptionally long service life. The contoured surface is designed to consistently remove high levels of stock over a wide range of applications.

Semi-flexible discs should always be used with a backing pad.

Turn to page 101 for full Abracs Backing Pad Range.

BENCH GRINDER WHEELS SILICON CARBIDE

Made from premium quality, high grade silicon carbide abrasive grit. Abracs Vitrified Silicon Carbide Bench Grinder wheels are engineered with precision for extensive product life and cool and consistent grinding on a wide range of metals. Designed for use on a bench grinder or pedestal grinder for deburring and sharpening of parts and tools.

Remember to always ring test your vitrified wheel before mounting on to a machine.

Includes 32mm, 25mm, 20mm, 16mm & 13mm Reducing bushes.

MULTI MATERIAL 5-IN-1 CUTTING DISCS

The "5 in 1" Multi Material disc has been designed for cutting applications on virtually all materials including metal, stone, stainless steel, aluminium and plastic/PVC Professionals using this disc will no longer need to change discs for different materials leading to higher productivity, reduced product issues and increased operator safety.

Multi Material 5-in-1 Discs can greatly improve efficiency on site.

Multi Material 5-in-1 discs are a new product to the UK market contact the Abracs team for additional sales support to help promote the benefits to your customer base.

MULTI-PURPOSE 3-IN-1 DISCS

The "3-in-1" Multi Purpose disc can be used for cutting, grinding and finishing applications simply by altering the angle at which the disc is used. 90 degrees for cutting, 30 degrees for grinding and 15 degrees for finishing. An extra layer of reinforcing has been added to the disc to ensure that it can cope with additional side pressure from grinding. The disc is also INOX (iron, sulphur and chlorine free) meaning that it can be used on stainless steel without any risk of material contamination or rust formation.

Multi Purpose 3-in-1 Discs can greatly improve safety on site.

Multi Purpose 3-in-1 discs are a new product to the UK market contact the Abracs team for additional sales support to help promote the benefits to your customer base.

HYBRID FLAP DISCS

The new Hybrid Flap Disc has been designed using a double row of mixed abrasive cloth on a flexible and durable fibre glass backing. Significant R&D and subsequent product testing proves that using a mixture of 60g material on the bottom layer and 40g material on the top layer leads to increased performance and life time of 20% over a standard flap disc.

Hybrid 20%+ Flap discs can greatly improve efficiency on site.

CUT AND GRIND

POLY PRODUCTS

Abracs ultimate performance Poly Products have a unique structure and synthetic resin coating which enables effective removal of rust, paint, thermal bluing and other contaminants. The lightweight fibreglass backing absorbs vibration and makes this product incredibly strong and durable. The design of these unique products ensures a minimal risk of scratching the work piece. Suitable for a wide range of materials. The poly discs are for use on angle grinders, while our Spindle Mounted Wheels are for use on air tools.

Blue poly discs are denser and more suitable for harder surfaces such as concrete and stone.

Bulk rates are available for outer quantities and volume orders. Ask the team for details.

FOR USE ON: STAINLESS STEEL | METAL | CONCRETE | ALUMINIUM

Specification	Max RPM	Box Qty	Outer Qty	Product Code	List Price (Per Pack)

50mm HUB CLEANING TOOL

The Abracs Brake Hub Cleaning Kit product gives operators a quick and effective means of removing rust from the brakes, rotor and hub. The anti-clogging design keeps the abrasive minerals cutting at higher performance. The system removes rust and corrosion quickly, even in hard to reach places. The attachment provides quick disc changes with the convenience of running on high-speed tools. All this adds up to saving time, increasing speed and effectiveness.

FOR USE ON: ALLOYS | METAL | STAINLESS STEEL | ALUMINIUM

Specification	Max PSI	Box Qty	Product Code	List Price
2pc Brake Hub Cleaning Kit (1x 1/2" Drive Socket, 1x 50mm Head)	90	1	HCT3	£35.47
6pc Hub Cleaning Tool - Replacement Heads	90	1	HCT4	£32.54

150mm HUB CLEANING TOOL

Specifically designed for studless hubs, effectively removing corrosion and dirt from the mating surfaces of both the hub and the inner side of the wheel. Equipped with a 1/2" square drive, it can be attached to the same impact wrench or air gun used for removing wheel nuts. Grinding pads feature anti-clogging technology that maintains high performance & long life and a Hook and Loop backing for easy fitting and removal.

FOR USE ON: ALLOYS | METAL | STAINLESS STEEL | ALUMINIUM

Specification	Max RPM	Box Qty	Product Code	List Price
150mm Hub Cleaning Tool - 1 x Holder, 1 x Grinding Pad	1,500	1	HCT1501	£50.73
150mm Hub Cleaning Tool - 2 x Replacement Grinding Pads	1,500	1	HCT1502	£40.47

SAW BLADES
RANGE

Abracs Saw Blades can be split into two catagories. The TCT Blades range is precision manufactured, professional quality and available in an extensive range of sizes, cut types and tooth configurations suitable for use on a wide range of wood, aluminium, UPVC & Multi-Purpose applications for all applicable machines. Polycrystalline Diamond (PCD) Saw Blades designed for effortless and efficient cutting of Fibre Cement boards and other specialist materials. They have significantly longer life than a traditional saw blade with faster, cleaner & more accurate cutting.

TCT BLADES WOOD

Abracs TCT Blades are manufactured with Tungsten Carbide tipped teeth for wear resistance and extreme lifetime. The fully hardened plate offers precision accuracy while the expansion slots eliminate the risk of warping. Abracs Cordless TCT Blades are manufactured with an Extra Thin Kerf & lightweight body for use on Cordless Circular Saws to improve battery life. For use on most wood material applications. The teeth configurations determine the speed and finish of the cut. Blades with fewer teeth cut faster while those with more teeth create a finer finish.

All TCT Blades supplied with bore reducers.

(Cordless) 165mm Blades are manufactured with a thinner kerf and lightweight body for use on Cordless Machines.

PCD BLADES

Polycrystalline Diamond (PCD) Saw Blades designed for effortless and efficient cutting of Fibre Cement boards and other specialist materials. Significantly longer life than a traditional saw blade with faster, cleaner & more accurate cutting. Extra-large gullet design reduces dust exposure for increased user safety. Ultra-thin kerf improves cutting speeds and accuracy and reduces material waste. Laser cut blade includes anti-vibration slots and precision ground cutting tips.

DIAMOND BLADE TERMINOLOGY

COOLING HOLES
Added visibility when cutting, and ensures heat dispersion and swarf removal for maximum yield out.

CONTINUOUS TURBO RIM
The castellation of the blade traps air in motion guaranteeing less chipping and faster cuts.

ANGLED TURBO SEGMENT
The angled turbo segment easily removes debris and helps cool the blade more efficiently.

KEYHOLE GULLETS
Ensures less chipping of the material being cut and reduces vibration levels.

NARROW GULLET
Narrow gullets ensure less chipping of the material, reduce vibration levels and minimise the chance of segment loss.

UNDERCUT TECHNOLOGY
Specific segment design 'undercut technology' increases water flow and protects the segments from increased wear.

PRO ★★★★☆
ULTRA THIN TILE BLADES

Ultra thin tile blade designed for high speed cutting through a wide range of tiling materials, manufactured with a continuous diamond rim eliminating the change of segment loss and ensuring a clean, chip free finish, while laser cutting slots reduce the stress generated during cutting and increase cutting speed and precision.

COBALT COMPLETE HOLESAWS

Cobalt Complete Holesaws are designed for fast & efficient drilling of sheet steels, trunking, panels & cladding, manufactured with a flared body depth stop which limits drilling depth and prevents run through and an Extra thin kerf for fast drilling and high precision. Includes all components in one complete product Holesaw, Arbor, Pilot Drill & Ejection Spring. Manufactured with an impact rated 1/4" Hex Shank for fast, easy and safe fitting & removal.

8% Cobalt for increased strength, durability and lifetime.

Built in ejection spring automatically ejects waste material.

FOR USE ON	SHEET STEEL	TRUNKING	PANELS	CLADDING

3pc Cobalt Complete Holesaw Set: 20mm, 25mm, 32mm	1	HSCCSET3	£42.95

COBALT HOLESAW KITS

Expert quality Cobalt Holesaws and accessories in a range of sizes suited to Electricians & Plumbing applications, Abracs Cobalt Holesaw Kits now come in new packaging with extra kit contents and improved products inside. Multi material cutting, variable pitch teeth and expert performance ensure that our kits are everything your customer needs!

Our Electricians Cobalt Holesaw Kits come with sizes specifically suited to electricians applications.

Our Plumbers Cobalt Holesaw Kits come with sizes specifically suited to plumbers applications.

FOR USE ON	MILD STEEL	STAINLESS STEEL	CAST IRON	NON FERROUS	ALUMINIUM	WOOD

Specification	Outer Qty	Product Code	List Price
11pc Electricians Cobalt Holesaw Kit 1x 16mm, 20mm, 22mm, 25mm, 32mm,64mm Cobalt Holesaws, 2x Arbors (1x A1 1x A2), 2x HSS Pilot Drill Bits, 1x Arbor Adaptor	10	ABHSCKIT11	£68.89
17pc Plumbers Cobalt Holesaw Kit 1x 16mm, 20mm, 22mm, 25mm, 32mm, 38mm, 44mm, 51mm, 57mm, 64mm, 76mm Cobalt Holesaws, 2x Arbors (1x A1, 1x A2), 2x HSS Pilot Drill Bits, 1x Ejection Spring, 1x Extension Bar	5	ABHSCKIT17	£127.79

5PC COBALT HOLESAW KIT

Expert quality Cobalt Holesaws in 4 of the most popular sizes, plus a compatible A1 Arbor. Supplied in a sturdy plastic case. Multi material cutting, variable pitch teeth and expert performance ensure that our kits are everything you need! Can be supplied singly or in a 7pc Display Box.

Abracs Holesaws are to be used in conjunction with a compatible size holesaw arbor.

FOR USE ON	MILD STEEL	STAINLESS STEEL	CAST IRON	NON FERROUS	ALUMINIUM	WOOD

HOLESAW ARBORS & PILOT DRILL BITS

A range of premium quality Arbors and Pilot Drill Bits to work in conjunction with the full range of Abracs Holesaws.

Designed for premium performance when used with Abracs Cobalt Holesaws.

A1 Arbors fit Abracs Holesaw sizes 14mm - 30mm, A2 Arbors fit Abracs Holesaw Sizes 32mm - 152mm.

Specification	Type	Thread Size	Box Qty	Outer Qty	Product Code	List Price
A1 Arbor to fit Holesaw sizes 14mm - 30mm	A1	1/2" - 20UNF	1	100	ABHSA1	£12.80
A2 Arbor to fit Holesaw sizes 32mm - 152mm	A2	5/8" - 18UNF	1	100	ABHSA2	£15.09
A1 SDS Arbor to fit Holesaw sizes 14mm - 30mm	A1	1/2" - 20UNF	1	100	ABHSSDSA1	£13.59
A2 SDS Arbor to fit Holesaw sizes 32mm - 152mm	A2	5/8" - 18UNF	1	100	ABHSSDSA2	£16.69
1/4" x 3" HSS Pilot Drill Bit	-	-	10	1000	ABHSPILOT	£44.99

HOLESAW EXTENSION BAR

Increases drilling depth when used in conjuction with Abracs Cobalt Holesaws. 300mm Holesaw Extension Bar for increased drilling depth when used in conjuction with Abracs Cobalt Holesaws. For use with Hex Shank 11mm Holesaw Arbors. Produced from high grade, fully heated-treated carbon steel for long life and ulitmate performance.

Specification	Pack Qty	Product Code	List Price
Holesaw Extension Bar 300mm	1	ABHSEB300	£18.19

QUICK-RELEASE HOLESAW ARBOR

Premium quality Quick-Release Holesaw Arbor, works in conjunction with the full range of Abracs Holesaws. Offers fast, tool-free changes between different sizes & types of holesaws.

Designed for premium performance when used with Abracs Cobalt Holesaws.

A1 Arbors fit Abracs Holesaw sizes 14mm - 30mm, A2 Arbors fit Abracs Holesaw Sizes 32mm - 152mm.

Specification	Pack Qty	Product Code	List Price
Quick-Release Holesaw Arbor Contents: Quick-Release Arbor, 2x 90mm Pilot Drills, 1x 1/2"- 20UNF (A1 - 14-30mm) Adaptor, 1x 5/8" - 18UNF (A2 - 32-152mm) Adaptor, 1x Hex Key	1	ABHSAQR	£24.12
Quick-Release Holesaw Adaptor (A1 - 14-30mm) - 2pcs	1	ABHSQRA1	£7.30
Quick-Release Holesaw Adaptor (A2 - 32-152mm) - 2pcs	1	ABHSQRA2	£7.30

8PC HOLESAW DOWNLIGHTER KIT

Abracs 8pc Holesaw Downlighter Kit is specifically manufactured for cutting Wood, Plastic & Plasterboard for the installation of downlighter units, cutting to a maximum depth of 25mm each set comes equipped with 6 different Holesaw sizes, a pilot drill, Arbor, Hex Key & Drive Plate for accurate and efficient drilling.

Specifically designed for the installation of downlighter units.

FOR USE ON	WOOD	PLASTERBOARD	PLASTIC

Specification	Pack Qty	Product Code	List Price
8pc Holesaw Downlighter Kit 51mm, 60mm, 65mm, 72mm, 75mm, 86mm Holesaws + Pilot Drill, Arbor, Hex Key & Drive Plate	1	ABHSDLKIT	£17.42

DRILL BITS
RANGE

Abracs Ultimate Performance & Comprehensive Drill Bits Range contains an extensive selection of the most popular drill bits for use across a wide range of material applications. Every Abracs Drill Bits product group has been designed with the specific performance features required to enhance productivity, product lifetime, speed and efficiency on each material type. All drill bits product groups are available in both individual drill sizes and multi size kits.

POWER TOOL ACCESSORIES

HSS TITANIUM DRILL BITS

Abracs HSS Titanium Drill Bits are precision ground for high performance. The reduced friction created by the Titanium Coating means these Drill Bits can last up to 3x longer than standard HSS Drill Bits and are suitable for drilling a wider range of materials including Metal, Wood, Plastic and Stainless Steel. A key performance feature of Abracs HSS Titanium Pilot Drill Bits is their Split Point cutting head. The Split Point allows the drill bit to instantly grip the material resulting in higher precision, accuracy and significantly faster drilling speeds.

The precision split point allows the drill bit to instantly grip the material resulting in higher precision, accuracy and significantly faster drilling speeds.

HSS COBALT DRILL BITS

Abracs HSS Cobalt Drill Bits are precision ground for high performance. The addition of 5% cobalt into the High Speed Steel increases lifetime, strength & wear resistance, keeping the drill bit sharper for longer. A key performance feature is their Split Point cutting head. The Split Point allows the drill bit to instantly grip the material resulting in higher precision, accuracy and significantly faster drilling speeds.

The precision split point allows the drill bit to instantly grip the material resulting in higher precision, accuracy and significantly faster drilling speeds.

The addition of 5% cobalt increases lifetime, strength & wear resistance keeping the drill bit sharper for longer.

HSS-G DRILL BIT SETS

Abracs HSS-G Drill Bit Sets are available in 15 & 170pc Kits including all popular sizes to suit virtually all applications. Supplied in a handy and durable cases.

FOR USE ON	MILD STEEL	SHEET METAL	PLASTIC	STAINLESS STEEL

Specification	Pack Qty	Product Code	List Price
15pc HSS-G Drill Bit Set - 1.5, 2.0, 2.5, 3.0, 3.5, 4.0, 4.5, 5.0, 5.5, 6.0, 6.5, 7.0, 8.0, 9.0, 10.0mm	1	HSSGKIT15	£28.41
170pc HSS-G Drill Bit Set - 1-10mm (0.5mm Increments)	1	HSSGKIT170	£274.46

STEP DRILLS

Abracs Step Drills are designed to streamline the workload and maximise performance. With a three edged shank to eliminate slipping and a dual cutting edge for super fast and effective drilling. All 3 individual sizes available supplied together in a handy and durable plastic case.

Precision ground with Split point for higher precision, accuracy and significantly faster drilling speeds.

FOR USE ON	MILD STEEL	SHEET METAL	STEEL	STAINLESS STEEL

Specification	Pack Qty	Product Code	List Price
Step Drill 4-12mm	1	SD412	£13.39
Step Drill 4-20mm	1	SD420	£23.09
Step Drill 6-30mm	1	SD630	£42.88
3pc Step Drill Set - 4-12mm, 4-20mm & 6-30mm	1	SDKIT3	£107.13

FLAT WOOD DRILL BITS

Sometimes known as a Wood, Spade or Dowel Bit, the Abracs Flat Wood Drill bits are manufactured with extra hardened steel, featuring a central point & two raised spurs to keep the bit straight during drilling. A precision ground cutting face for high performance and a quick-chuck fitting for fast and easy bit change throughout any drilling job.

Available in Standard length or as part of our Flat Wood Long Series Range

BRAD POINT DRILL BITS

Abracs Brad Point Drill Bits feature a precision point, providing accurate positioning for the bit when starting the hole. These bits are precision ground, making them excellent for use in furniture making, dowelling, cabinetry and other woodworking applications where an exact hole size is required. The spur cutting edges reduce splintering and ensure a smooth, clean and precise exit hole with no blow out. Supplied in plastic pouches.

The spur cutting edges reduce splintering and ensure a smooth, clean and precise exit hole with no blow out.

AUGER DRILL BITS

Abracs Auger Drill Bits are spiral shaped, designed to produce clean, deep holes in wood material applications. Sharp spurs at the tip guide the bit into the wood ensuring a smooth and uniform hole throughout. Manufactured with high grade carbon steel and a centre point with screw resulting in less downward pressure being required for them to bite into the work piece. The wide deep flighting of these bits allows efficient removal of wood shavings and prevents the hole from becoming clogged. Supplied in a plastic tube.

The wide deep flighting of these bits allows efficient removal of wood shavings and prevents the hole from becoming clogged.

DRILL BITS

SPEED AUGER DRILL BITS

Abracs Speed Auger Drill Bits are 6x Faster drilling speed compared to a traditional Flat/Spade Wood Bit. The Tri-flute design offers optimal debris removal and reduced jamming while the self-feed threaded tip improves accuracy when drilling. ¼" Hex "Quick-Chuck" for quick, easy and safe fitting. Manufactured with premium quality steel for long life & ultimate performance.

Speed Auger Bit 28mm x 159mm	1	SAB28	£13.53
Speed Auger Bit 32mm x 159mm	1	SAB32	£15.32

6PC SPEED AUGER DRILL BIT SET

6pc set containing all popular sizes for multiple trade applications. Supplied in sturdy and durable reinforced case.

6X PRECISION DURABILITY SPEED

FOR USE ON	SOFTWOOD	HARDWOOD	TIMBER	COMPOSITE

Specification	Pack Qty	Product Code	List Price
6pc Speed Auger Drill Bit Set - 16, 18, 20, 22, 25, 32mm x 159mm	1	SABSET6	£61.35

COUNTERSINK DRILL BITS

Countersink Drill Bits designed to give you a countersunk hole without the need for a seperate drill bit & countersink reducing product downtime and increasing efficiency.

FOR USE ON	PLYWOOD	TIMBER	CHIPBOARD	MDF

Specification	Pack Qty	Product Code	List Price
Countersink Drill Bit #4 - 2.0mm Pilot Drill. 9.5mm Countersink	1	CSDB04	£4.71
Countersink Drill Bit #6 - 2.4mm Pilot Drill. 9.5mm Countersink	1	CSDB06	£4.79
Countersink Drill Bit #8 - 2.8mm Pilot Drill. 9.5mm Countersink	1	CSDB08	£4.86
Countersink Drill Bit #10 - 3.2mm Pilot Drill. 9.5mm Countersink	1	CSDB10	£4.93
Countersink Drill Bit #12 - 3.6mm Pilot Drill. 12.5mm Countersink	1	CSDB12	£5.00
5pc Countersink & Drill Bit Set	1	CSDBSET5	£20.81
4pc Countersink Drill Bit & Plug Cutter Set	1	CSDBSET4	£27.39

SPEAR HEAD TILE & GLASS DRILL BITS

Abracs Tile & Glass Drill Bits are manufactured with a Spear Head for precise, accurate drilling on first contact and a chisel edge that can be resharpened at any time. Fitted with a Quick-Chuck ¼" Hex Shank for fast, easy and safe bit changes and a carbide tip for precise non-slip drilling.

FOR USE ON	GLASS	MIRROR	TILES	CERAMICS

Specification	Pack Qty	Product Code	List Price
Spear Head Tile Bit - 4.0mm	1	SDB040	£3.83
Spear Head Tile Bit - 5.0mm	1	SDB050	£4.12
Spear Head Tile Bit - 5.5mm	1	SDB055	£4.25
Spear Head Tile Bit - 6.0mm	1	SDB060	£4.33
Spear Head Tile Bit - 7.0mm	1	SDB070	£4.54
Spear Head Tile Bit - 8.0mm	1	SDB080	£4.98
Spear Head Tile Bit - 10.0mm	1	SDB010	£6.28
Spear Head Tile Bit - 12.0mm	1	SDB012	£8.14
Spear Head Tile Bit - 5pc Set - 4.0mm, 5.0mm, 6.0mm, 7.0mm, 8.0mm	1	SDBSET5	£16.72

4-TIP TILE & GLASS DRILL BITS

Abracs 4-Tip Tile & Glass Drill Bits are manufactured with a 4-tip cutting head for precise, accurate drilling on first contact, a titanium coating for increased heat resistance, higher durability & longer life. The deep flute aids stock removal and delivers clean holes on deep cuts. Fitted with a Quick-Chuck ¼" Hex Shank for fast, easy and safe bit changes.

2X PRECISION DURABILITY SPEED

4-Tip Tile Bit - 10.0mm	1	DBG100	£7.85

HARD TILE & MASONRY DRILL BITS

Designed specifically for heavy duty drilling applications in hard materials such as tiles, granite and concrete. Can also be used on bricks, sheet metal, wood and plastics. Carbide tipped for maximum strength, durability and lifetime.

Premium carbide maintains sharpness through tough drilling applications.

Sharp tip & geometric design ensures precision drilling.

DRY DIAMOND TILE DRILL BITS

Abracs Dry Diamond Tile Drill Bits are a tiles best friend. Built for precise and intricate drilling of granite, porcelain, tiles and mosaic. Featuring a wax coolant system, vacuum deposited multi layered diamond and self sharpening technology to ensure these bits go harder for longer.

Featuring a wax cooling system for increased endurance when cutting and eliminating the need for water.

Self sharpening for longer life and less downtime.

SDS+ 4-CUTTER MASONRY DRILL BITS

Abracs SDS+ 4-Cutter Masonry Drill Bits feature the addition of rebar guards and 90° 4-cutter head providing increased durability in hard aggregate compared to standard SDS+ Bits. The solid carbide tip allows for precise drilling and added strength when cutting into the surface of the material. The hardened steel body reduces the chance of breakages, increasing product longevity. A precision ground dual flute design enables easy dust and debris removal from the hole and significantly increases drilling speeds.

The addition of rebar guards and 90° 4-cutter head provide increased durability in hard aggregate.

DRILL BITS

9PC SDS+ MASONRY DRILL BIT SET

Our new 9pc set includes all popular sizes in 160mm length and is supplied in a sturdy and durable reinforced case.

A precision ground dual flute design enables easy dust and removal. Supplied in a handy case to keep all drill bits together.

FOR USE ON	STONE	CONCRETE	BRICKS	MASONRY

Specification	Pack Qty	Product Code	List Price
9pc SDS+ Masonry Drill Bit Set - 5.0, 5.5, 6.0 (x2), 6.5, 7.0, 8.0, 10.0, 12.0mm x 160mm	1	DBCSET9	£27.89

MASONRY DRILL BITS

Abracs Masonry/Percussion Drill Bits feature a strengthened flute & fully ground carbide tip to deliver clean, smooth holes in stone, concrete, brick, blockwork & other general masonry materials. Ideal for fast and accurate drilling of plug, anchor or clearance holes. Exceptional drilling speeds, long life and ultimate performance.

Manufactured with S2 Grade Steel & a hardened flute and tip to deliver clean and smooth holes in Concrete, Masonry, Natural & Artificial Stone.

5PC CARBIDE BURR KIT

Manufactured with High Performance Tungsten Carbide and Double Cut (also known as Cross Cut) design to provide aggressive stock removal and reduced chips for precise deburring. Suitable for use on a variety of Materials such as Steels, Alloys and Cast Iron.

All Abracs Carbide Burrs are Double cut (cross cut) for rapid stock removal

All Abracs Carbide Burrs in the 5pc Kit are fitted with a 6mm Spindle.

FOR USE ON	MILD STEEL	ALLOYS	CAST IRON	STAINLESS STEEL

JIGSAW & RECIP SAW BLADES
RANGE

Abracs Jigsaw & Reciprocating Saw Blades range come in an extensive range of sizes, tooth shapes and configurations and are manufactured using a variety of materials to make each individual blade the highest possible performance for cutting the intended material application. We have specific blades for use on wood, metal, wood & metal and aluminium cutting applications. Also included in the range are Hacksaw, Air Saw & Planer Blades.

RECIP SAW BLADES METAL

Abracs Reciprocating saw blades for Metal are available in a range of tooth configurations and sizes. Blades are available for fast, precision or fine cutting in a selection of ultra flexible or heavy duty blade types. Manufactured using Bi-Metal, Abracs expert-line reciprocating saw blades for metal are ultimate performance, long life and premium quality. Suitable for use on a wide range of applications including sheet metal, pipes, profiles, tubing and box section. Every Abracs Reciprocating Saw Blade has a universal fitting for use on all popular machine types.

All Abracs Reciprocating Saw blades have a universal fitting and are suitable for use on all popular machines.

FOR USE ON: SHEET METAL | PIPES | PROFILES | BOX SECTION

RECIP SAW BLADES WOOD & METAL

Abracs Wood & Metal Reciprocating Saw Blades are available in a range of tooth configurations and sizes. Our Wood/Metal range is split for both fast cutting & coarse cutting a wide range of applications including sheet metal, nail embedded wood, wooden pallets, pipes, metal profiles & chipboard. Manufactured using Bi-Metal, Abracs expert-line reciprocating saw blades for Wood & Metal are ultimate performance, long life and premium quality. Every Abracs blade has a universal fitting for use on all popular machine types.

All Abracs Reciprocating Saw blades have a universal fitting and are suitable for use on all popular machines.

MULTI-TOOL BLADES WOOD & METAL

This range can be divided into two categories, defined by the manufacturing material. The Bi-Metal blades feature milled and hardened HSS teeth for standard cutting on hard & soft wood, wood with nails, sheet steel, plastics, aluminium and other non-ferrous metals. The Titanium coated Bi-Metal Blades are manufactured with HSS teeth for fine, straight cutting. The addition of the Titanium coating results in a longer lasting, ultimate performance blade.

Bi-Metal Blades for a standard cut, while Titanium Coated Blades deliver a precision cut.

Titanium Coated Blades are manufactured for longer lifetime and performance.

FOR USE ON: HARD & SOFT WOOD | SHEET METAL | WOOD WITH NAILS | NON FERROUS

AUTO ACCESSORIES
RANGE

Abracs Auto Accessories range is designed for use in the automotive finishing industry to remove severe oxidation, scratches and swirls on painted surfaces and daily maintenance in the automotive industry. The full range is designed for use on a polisher machine with a compatible backing pad and includes all products required for every step of the refinishing process.

Flat Hook & Loop Sponge Pads	121
Corrugated Hook & Loop Sponge Pads	121
Bevelled Hook & Loop Sponge Pads	121
M14 Foam Heads - Traditional	122
M14 Foam Heads - Ball Series	122
Hook & Loop Woolen Pads	122
Backing Pads	122

SANDING DISC
FINISHING

FLAT HOOK & LOOP SPONGE PADS

Abracs Flat Hook & Loop Sponge Pads are designed to remove severe oxidation, scratches and swirls on painted surfaces and daily maintenance in the automotive industry. The polyester sponge material offers excellent tensile strength and durability for high performance and extended product lifetime.

FOR USE ON	PAINT	SCRATCHES	SWIRLS	OXIDATION

Specification	Pack Qty	Product Code	List Price
150mm Flat Hook & Loop Sponge Pad - White (Compounding)	1	BSA15001	£9.91
150mm Flat Hook & Loop Sponge Pad - Orange (Polishing)	1	BSA15002	£9.91
150mm Flat Hook & Loop Sponge Pad - Black (Finishing)	1	BSA15003	£9.91

CORRUGATED HOOK & LOOP SPONGE PADS

Abracs Corrugated Hook & Loop Sponge Pads are designed with a corrugated texture for increased performance to remove severe oxidation, scratches and swirls on painted surfaces and daily maintenance in the automotive industry. The polyester sponge material offers excellent tensile strength and durability for high performance and extended product lifetime.

FOR USE ON	PAINT	SCRATCHES	SWIRLS	OXIDATION

Specification	Pack Qty	Product Code	List Price
78mm Corrugated Hook & Loop Sponge Pad - White (Compounding)	3	BSA07801	£11.75
78mm Corrugated Hook & Loop Sponge Pad - Orange (Polishing)	3	BSA07802	£11.75
78mm Corrugated Hook & Loop Sponge Pad - Black (Finishing)	3	BSA07803	£11.75
150mm Corrugated Hook & Loop Sponge Pad - White (Compounding)	1	BSA15004	£9.91
150mm Corrugated Hook & Loop Sponge Pad - Orange (Polishing)	1	BSA15005	£9.91
150mm Corrugated Hook & Loop Sponge Pad - Black (Finishing)	1	BSA15006	£9.91

BEVELLED HOOK & LOOP SPONGE PADS

Abracs Bevelled Hook & Loop Sponge Pads are designed with a bevelled outer edge to adhere to the contour of the work surface. Designed to remove severe oxidation, scratches and swirls on painted surfaces and daily maintenance in the automotive industry. The polyester sponge material offers excellent tensile strength and durability for high performance and extended product lifetime.

FOR USE ON	PAINT	SCRATCHES	SWIRLS	OXIDATION

Specification	Pack Qty	Product Code	List Price
150mm Bevelled Hook & Loop Sponge Pad - White (Compounding)	1	BSA15007	£9.91

WITH PROFESSIONAL QUALITY PRODUCTS

RG TOOLS
RANGE

RG Cordless Power Tools are engineered to withstand the toughest challenges and deliver consistent results. Built to perform and withstand rigorous use in professional working enviroments while also being a cost effective option in the power tool market. Our packaging is designed to make product selection simple. RG Tools are packaged for retail enviroments & display all the information needed to make an informed purchasing decision.

RG Cordless Angle Grinder	135
RG Cordless Multi-Tool	135
RG Cordless Impact Wrench	135
RG Batteries & Charger	135

POWER TOOLS & ACCESSORIES

RG CORDLESS IMPACT DRIVER

RG Cordless Impact Driver has been designed 4815 Brushless Motor offers high efficiency, low noise, and smooth operation with a longer lifetime. The 320Nm Max Power increases torque applied to the bit for improved speed & efficiency, while the 3200 Impact Frequency makes light work of demanding applications. Manufactured with a precise speed adjustable trigger up to a maximum of 4000 RPM for ultimate control and performance.

Specification	Pack Qty	Product Code	List Price
20v Impact Driver - Body Only (Boxed)	1	RG10023	**£89.03**
20v Impact Driver Kit - Tool, 2x 5ah Batteries, 1x 4a Charger, 1x Blow Mould Case	1	RG10020	**£368.90**

RG CORDLESS ANGLE GRINDER

RG Cordless Angle Grinder delivers 700W of input power resulting in a longer usage period without needing to recharge the battery resulting in less downtime & increased productivity. The 5228 Brushless Motor offers high efficiency, low noise, and smooth operation with increased heat dissipation. Manufactured with an M14 Fitting & 115mm Max Diameter.

Specification	Pack Qty	Product Code	List Price
20v Angle Grinder - Body Only (Boxed)	1	RG10018	**£107.49**
20v Angle Grinder Kit - Tool, 2x 5ah Batteries, 1x 4a Charger, 1x Blow Mould Case	1	RG10015	**£399.65**

RG CORDLESS MULTI-TOOL

RG Cordless Multi-Tool is manufactured with a 6 speed oscillating rate allowing adjustment of the speed of the tool. Universal fitting for increased compatability with most brands including Abracs. A Kickback protection function to reduce any risk of injury from sudden and unexpected movement of the tool or the workpiece.

Specification	Pack Qty	Product Code	List Price
20v Multi-Tool - Body Only (Boxed)	1	RG10028	**£119.79**
20v Multi-Tool Kit - Tool, 2x 5ah Batteries, 1x 4a Charger, 1x Blow Mould Case	1	RG10025	**£399.65**

RG CORDLESS IMPACT WRENCH

RG Cordless Impact Wrench has been designed with the latest 20v Lithium-ion battery technology, providing 50% longer runtime and 25% more power. The 5225 Brushless Motor ensures that the wrench has a compact and streamlined design while providing all the power you need, with a low vibration level of 0.59 M/S and a 3-Speed Gearbox with variable speed trigger for superior and precise control. Perfect for use in the automotive industry.

Specification	Pack Qty	Product Code	List Price
20v Impact Wrench Kit - Body Only	1	RG10003	**£522.67**
20v Impact Wrench Kit - Tool, 2x 5ah Batteries, 1x 4a Charger, 1x Blow Mould Case	1	RG10000	**£707.19**

RG BATTERIES & CHARGER

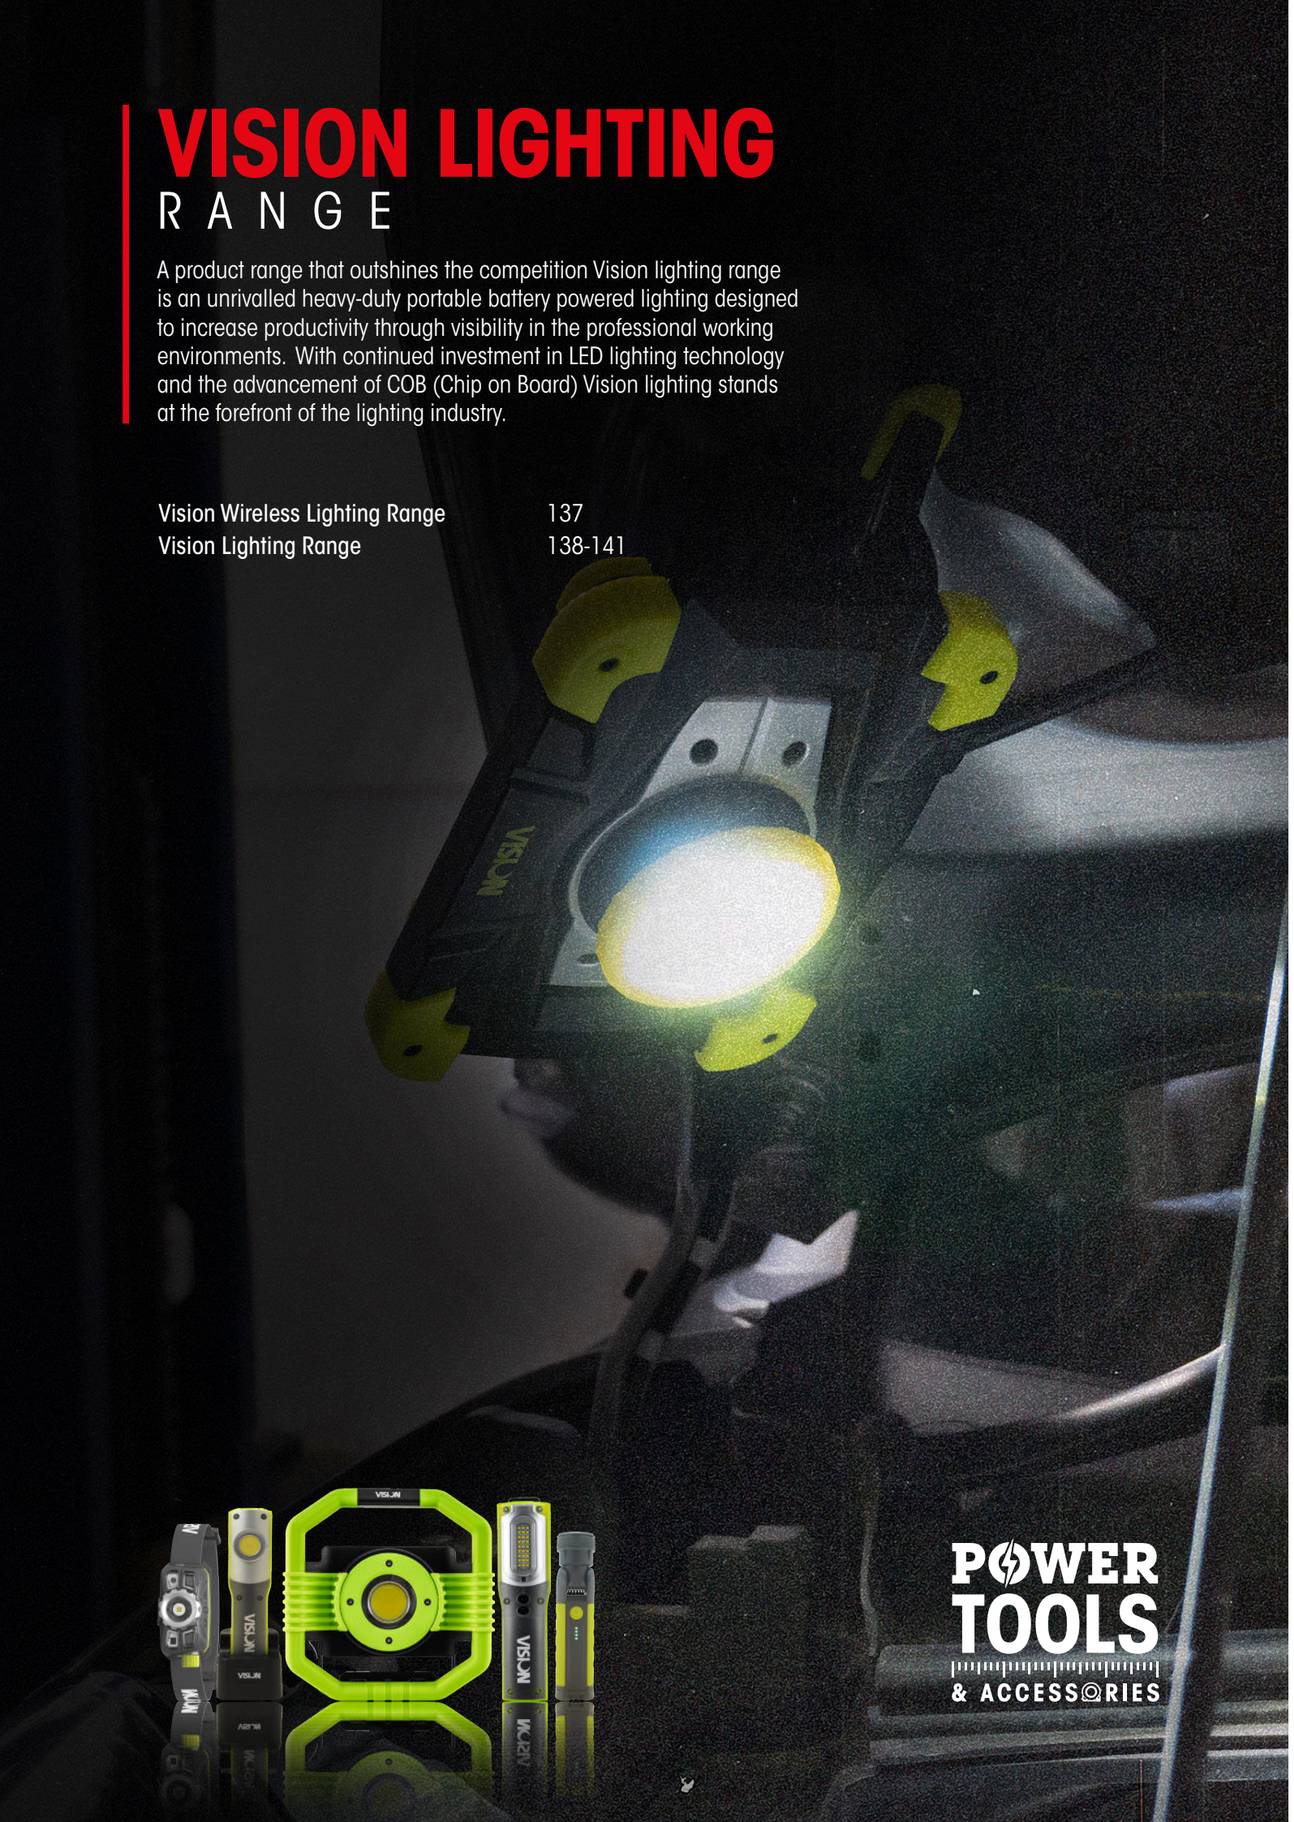

Lithium-ion Batteries maintain a constant voltage output until fully discharged, ensuring optimal performance.Durable ABS housing that is resistant to impact, heat, and corrosion, with a rubberized base for added durability. No memory effect meaning the battery will not lose its maximum energy capacity when it is repeatedly recharged after being only partially discharged. Fast & Efficient Charging System which allows it to reach its full battery capacity in as little as 50 minutes.

Specification	Pack Qty	Product Code	List Price
2ah Lithium-ion Battery	1	RG10055	**£64.43**
5ah Lithium-ion Battery	1	RG10057	**£124.55**
4a Battery Charger	1	RG10056	**£42.90**

VISION LIGHTING
RANGE

A product range that outshines the competition Vision lighting range is an unrivalled heavy-duty portable battery powered lighting designed to increase productivity through visibility in the professional working environments. With continued investment in LED lighting technology and the advancement of COB (Chip on Board) Vision lighting stands at the forefront of the lighting industry.

Vision Wireless Lighting Range 137
Vision Lighting Range 138-141

VISION WIRELESS CHARGING WIRELESS FAST CHARGING PAD

The Vision Fast Charging Pad is designed to charge two devices simultaneously. It works seamlessly with the full Vision Wireless charging range as well as any compatible wireless charging devices. Built to withstand the rigours of daily use, the charging pad boasts IK08 shock resistance & built-in screw holes for permanent mounting, providing peace of mind that your devices are protected during the charging process. With strong magnets allowing for easy mounting on magnetic surfaces.

Specification	Pack Qty	Product Code	List Price
Vision Wireless Charging Pad	1	EHLW400	**£70.58**

VISION WIRELESS CHARGING 1000LM COB COMPACT SPOT LIGHT

The Vision COB Lamp provides an impressive 10W/1000 Lumens of white light, with three adjustable brightness levels, you can customise the lighting output to suit your requirements. Additionally, the spotlight comes with a 3W LED Torch that offers 300 Lumens of white light, with a run time of 9.5 hours, providing a reliable backup light source when needed.

Specification	Pack Qty	Product Code	List Price
Vision Wireless Compact Lamp 1000LM	1	EHLW410	**£76.73**
Vision Wireless Compact Lamp Kit - Vision Wireless Compact Lamp 1000LM + Wireless Charging Pad	1	EHLW411	**£138.24**

VISION WIRELESS CHARGING 1000LM COB SLIM INSPECT LAMP

Equipped with a COB Lamp, the Inspect Lamp delivers an impressive 10W/1000 Lumens of bright white light. It offers three different lighting modes to suit your preferences and requirements: Low mode (200LM) provides a long-lasting illumination of up to 12 hours, Medium mode (500LM) lasts for 6 hours, and High mode (1000LM) provides a powerful beam for 3 hours. In addition to the COB Lamp, the Inspect Lamp features a 2W LED Torch that emits 200 Lumens of white light. The torch has a Run Time of 9 hours, ensuring a reliable backup light source whenever you need it.

Specification	Pack Qty	Product Code	List Price
Vision Wireless Folding Lamp 1000LM	1	EHLW420	**£76.73**
Vision Wireless Folding Lamp Kit - Vision Wireless Folding Lamp Kit + Wireless Charging Pad	1	EHLW421	**£138.24**

VISION WIRELESS CHARGING 900LM LED ADJUSTABLE BEAM TORCH

Equipped with an LED lamp, the Adjustable Beam Torch delivers a spot beam of 10W/900 Lumens, ensuring a bright and focused light source. It offers three different brightness levels to suit your preferences and requirements. The powerful base magnet enables hands-free use, allowing you to attach the torch securely to metal surfaces. Additionally, the 180° swivel head allows you to adjust the direction of the light, providing optimal coverage and versatility. The torch comes with a PD 20W Mains Plug and PD 20W USB-C Charging Lead.

Specification	Pack Qty	Product Code	List Price
Vision Wireless Adjustable Hand Torch 900 LED	1	EHLW430	**£76.73**
Vision Wireless Adjustable Hand Torch Kit - Vision Wireless Adjustable Hand Torch Kit + Wireless Charging Pad	1	EHLW431	**£138.24**

VISION WIRELESS CHARGING 1500LM COB WORK LAMP/FLEX LIGHT

The COB Lamp, the Work Lamp/Flex Light offers an impressive output of 15W/1500 Lumens of bright white light. It provides three different lighting modes to suit your preferences and requirements: Low mode (300LM) offers an extended run time of 14 hours, Medium mode (800LM) lasts for 7.5 hours, and High mode (1500LM) delivers a powerful beam for 3.5 hours. In addition to the COB Lamp, the Flex Light features a 3W LED Torch that emits 300 Lumens of white light.

Specification	Pack Qty	Product Code	List Price
Vision Wireless Compact Light 1500LM	1	EHLW440	**£76.73**
Vision Wireless Compact Light Kit - Vision Wireless Compact Light 1500LM + Wireless Charging Pad	1	EHLW441	**£138.24**

VISION Flex Mag Hand Lamp/Torch (Black/Red)	1	EHL300R	£49.05

VISION
SMD HAND LAMP & UV TORCH

The Vision SMD Compact Hand Lamp & Uv Torch is a versatile and powerful lighting tool that combines a high-intensity LED lamp with a specialised UV torch. The LED lamp delivers an intense 1000 Lumens of super white light, ensuring excellent visibility and illumination in any situation. Additionally, the 3W UV torch offers a wavelength of 395 nm, making it ideal for detecting UV-reactive substances and leaks. The hand lamp comes with a range of practical features, including an integral belt clip, a 360-degree swivel hook, and smart stand with a strong magnet, allowing for easy hands-free use and versatile positioning options.

Specification	Pack Qty	Product Code	List Price
VISION 1000LM SMD Hand Lamp + UV Torch	1	EHL301	£61.35

VISION
COB HAND LAMP & CHARGING DOCK

Equipped with a COB lamp, the Hand Lamp delivers 10W/1000 Lumens of bright white light, ensuring excellent visibility in any situation. Additionally, it includes a 3W LED torch that offers 220 Lumens of white light, providing a reliable backup lighting option. The heavy-duty body of the lamp is made from aluminium, PC, and rubber, ensuring durability and resistance to rough handling. It features an integrated hook and powerful rear magnets, allowing for hands-free use and secure attachment to metal surfaces. The Hand Lamp comes with a wall-mountable docking station, as well as standard USB charging providing versatile charging options. The charging time is approximately 8 hours using the charging station and 5.5 hours using a USB charger, while the operating time on full power is 3 hours.

Specification	Pack Qty	Product Code	List Price
VISION 1000LM COB Hand Lamp & Dock	1	EHL302	£70.58

VISION
COB SLIMLINE INSPECTION LAMP

The advanced VISION COB Slimline Inspection Lamp & Torch is a cutting-edge lighting solution that combines the power of a COB lamp and an LED torch. With its impressive specifications and practical features, this versatile tool is designed to enhance precision and accuracy during inspections and tasks. The COB lamp delivers a formidable 10W 800 Lumens of white light, providing ample brightness for a wide range of applications. Additionally, the 2W LED torch offers 150 Lumens of white light, serving as a reliable backup light source. Featuring an integrated magnetic stand and hook, this inspection lamp and torch allow users to position it with precision, ensuring optimal visibility in any situation.

Specification	Pack Qty	Product Code	List Price
VISION 800lm COB Slimline Inspection Lamp	1	EHL303	£67.51

VISION
LED MOTION SENSOR HEAD TORCH

The Vision 350lm LED Motion Sensor Head Torch is a state-of-the-art lighting solution that combines convenience with exceptional brightness. This versatile head torch is designed to provide reliable illumination fora wide range of activities, making it the ideal companion for outdoor adventures, work in low-light conditions, or emergency situations. The LED lamp boasts an impressive 5W 350 Lumen adjustable focus beam, allowing you to customize the light spread according to your needs. The on/off switch provides traditional control, while the innovative motion sensor feature enables you to operate the head torch effortlessly by simply waving your hand in front of the sensor.

Specification	Pack Qty	Product Code	List Price
VISION 350LM LED Motion Sens Head Torch	1	ETL201	£49.05

VISION
COB HEAVY DUTY WORK LIGHT

Vision's COB Heavy Duty Work Light & Powerbank is the high-performance lighting tool designed to tackle demanding tasks with ease. This versatile work light is built for durability and functionality, providing powerful illumination and the added convenience of a rear charging powerbank. With its COB lamp delivering an impressive 30W 2800 Lumens of bright white light and an LED color temperature of approximately 6500K, this work light ensures optimal visibility in any work environment.

Specification	Pack Qty	Product Code	List Price
VISION 2700LM COB Work Light & Powerbank	1	EWL102	£135.17

VISION
ZOOM FOCUS LED MINI WORK LIGHT

With an impressive 1800 Lumen's output from the 20W COB LED, this mini work light delivers bright illumination for various tasks. The dual mode allows you to adjust the lumen output to 50% or 100%, providing flexibility in different lighting situations. The work light also features a USB Powerbank output socket (5V Max. 2A), allowing you to use it as a power source to charge your devices on the go.

Specification	Pack Qty	Product Code	List Price
VISION Cordless 20W Zoom Focus Mini Work Light	1	EWL100	£107.49

VISION
SLIMLINE LED LAMP & TORCH

The Vision Zoom Focus LED Mini Work Light is a compact and powerful lighting tool designed to excel in any work environment. Its heavy-duty cast aluminium housing ensures durability and reliability, making it suitable for challenging conditions. With 500 Lumen's output from the 20W COB LED, this mini work light delivers bright illumination for various tasks. The dual mode allows you to adjust the lumen output to 50% or 100%, providing flexibility in different lighting situations. The work light also features a USB Powerbank output socket (5V Max. 2A), allowing you to use it as a power source to charge your devices on the go.

Specification	Pack Qty	Product Code	List Price
VISION Slimline LED And Lamp + Inspection Torch	1	EHL305	£61.35

VISION
HIGH CRI 95+ LED INSPECTION LIGHT

The VISION High CRI 95+ LED Inspection Light is an essential tool for professionals who require precision and dependability. Designed to meet diverse inspection needs, it offers three adjustable colour temperature settings (3000K, 4500K, and 6500K), making it ideal for tasks such as colour matching, detailing, and general paintwork. With a Colour Rendering Index (CRI) of 95+, this light ensures true- to-life colour accuracy, making it perfect for paint inspections and any application where accurate light representation is crucial.

Specification	Pack Qty	Product Code	List Price
High CRI 95+ LED Inspection Light + Charging Dock	1	EHL304	£66.60

VISION
FLEXI-TWIST MAGNETIC HAND TORCH

The VISION Flexi-Twist Magnetic Hand Lamp/Torch is a versatile and robust lighting solution, designed to meet the demands of various tasks with its flexible and user-friendly features. This innovative hand lamp/torch offers a switch sequence that includes 100% lamp brightness, 50% lamp brightness, torch mode, and off, allowing users to select the perfect amount of light for any situation. Equipped with a 1W LED torch and a 5W SMD LED lamp, the VISION Flexi-Twist Magnetic Hand Lamp/ Torch delivers reliable illumination with impressive operating times

Specification	Pack Qty	Product Code	List Price
Flexi-Twist Magnetic Hand Lamp/Torch	1	EHL306	£53.69

VISION
40 SMD LED UNDER BONNET LAMP

The VISION Multi Position 40 SMD LED Under Bonnet Lamp is the ultimate solution for vehicle repair and inspection, providing reliable and powerful illumination. This rechargeable under-bonnet work light features a 10W 40SMD COB LED that emits 6500K white light, delivering a maximum output of 1000 lumens in flood beam mode. With a beam angle of 135° and a Colour Rendering Index (Ra) of 75, it ensures excellent visibility and Colour accuracy. Powered by a high-quality 3.7V 4000mAh lithium battery, the VISION Multi Position Under Bonnet Lamp offers impressive operation times: 500 lumens for 6 hours on low and 1000 lumens for 3.5 to 4 hours on high.

Specification	Pack Qty	Product Code	List Price
Multi Position 40 SMD LED Under Bonnet Lamp	1	EHL1010	£87.32

VISION
10W COB LED INSPECTION LAMP

The VISION 10W Multi Position COB LED Inspection Lamp is a versatile and powerful tool designed to meet all your lighting needs. This 10W multi-position COB LED inspection lamp delivers an impressive 1000 lumens of bright, white light, making it ideal for detailed work and inspections. The user-friendly on-off switch allows for easy operation: press once for 50% brightness, twice for full 100% brightness, and three times to turn it off.

Specification	Pack Qty	Product Code	List Price
10W Multi Position COB LED Inspection Lamp	1	EHL1000	£74.94
